

Family Talk – Pursue Relationship with Jesus

LISTEN TOGETHER

Read 1 Samuel 3:1-10

1. Why do you think God called Samuel more than one time?
2. Why did Samuel not know it was God's voice? (he needed to learn to recognize God's voice)
3. Eli helped Samuel know that it was God speaking to him. Who in your life helps you hear from God or reminds you of what the Bible says?

LIVE IT

Communicating with God provides so many benefits in our lives. Psalm 1 shows us many of those! Learning to hear God's voice and to communicate with Him is the focus of efforts in our relationship with Him. Our entire life communicates to God.

Share a story with your family where you knew what God was asking you to do. How did you find out what you should do? How did God speak to you? What did you do?

God put your family together, so that you can help each other hear from God.

Commit to coming together on a regular basis to communicate with God. Make this a part of your normal rhythm. Spend some time listening in prayer as well as speaking to God.

LEAN ON GOD

Dear God,

You know us. You know our innermost being. Help us to know You more. Help us to understand who You are. Change us as we continue to know You. Make our hearts want to hear from You more and more.

Amen.
